EXTENDED!

Click here to book a guest room
for the 2018 Florida Prematurity Summit Today!

If you would prefer to call to reserve your room, the central reservations number is 1-800-465-4329.

The block is under March of Dimes and can also be identified by the 3 letter code **MOD**.

Despite efforts undertaken by the March of Dimes and the Florida Prematurity Prevention Partnership, Florida continues to see increases in the preterm birth rate and significant health disparities for black preterm birth and infant mortality rates. Black infants are born preterm at a rate 1.5 times greater than white infants and black infants die at a rate nearly 2.5 times the rate for white infants.

The 2018 Florida Prematurity Summit will expand our efforts to include additional stakeholders that will be able to affect change on these issues at the local and state level. We

are making a conscience effort at the 2018 Florida Prematurity Summit to revisit our strategic plan and work to address the social determinants of health that may lead to health disparities for our most vulnerable populations.

8.25* CEUs of Nursing, Social Work and Public Health Education are anticipated to be available covering the following topics:

- Maternal & Infant Healthcare Disparities
- Shared Decision-Making
- Birth Equity
- Tools to Build Birth Equity Initiatives
